December

FREE MONTH

***Our staff is involved in a big Christmas Outreach in December called Boxes of Love. We help almost 3,000 families with toys and food for Christmas. We are busy every day from morning until night and it would be impossible for us to run DCSA. We will be open the first week of December, but then not the rest of the month. We also take the first week of January off to rest and reset and spend time with our families. DCSA has always tried to make the goal of families first. We feel the month of December is for family. Please take this time to connect with your families and have a wonderful time during the holiday season. Have your kids practice at home.*
